Bilijardai

JSC Bilijardai has been breaking boundaries with world class craftsmanship and innovations since 1994. We are proud to introduce to you our Pronto series of billiard tables - seriously modern, seriously convenient! We have pushed the limits of what a billiard table can and should be in the modern world. The Pronto series is a professional level billiard table sized and styled to meet your personal needs. Pronto tables easily and conveniently convert into gorgeous dining tables or office desks. Your guests will never know what hides inside until you surprise them with the offer of a good game! We/JSC Bilijardai strive to offer our customers superior quality billiard tables that are unique in design for a fraction of the price. For the quality you get at the prices we offer, you can feel confident you have bought the BEST! Please take a look at some of the ready-to-play styles we offer. All of these styles can be adapted to your preference using a wide selection of different stains, table tops, legs, frames, and felt colors! Please visit pages 5, 13 and 22 for more information. No matter where you live - city, suburbs, or country, Pronto series will be your perfect fit! We look forward to helping you get your game on!

Sincerely,
The JSC Bilijardai Team

pronto Ultra

Color E4 glossy/RAL3020 glossy

Pronto Ultra – is a billiard table with an exquisite modern design. An extremely thin table top creates not just an image of elegance but with an extra wide area for the legs beneath it, comfort as well. In order to highlight the table's design, we created a new line of table tops exclusively for this billiard table. Pronto Ultra also comes with the options of both elastic pockets and a ball-collection system. Your table can be paired with a matching accessory collection, which includes a cue-rack, a chair, and a multi-functional storage cabinet. Three leg design options and a variety of finishes makes this versatile model ideal for both modern and classic designs. It just up to you to decide which you prefer more...

Vision Outdoor – dual purpose pool/dining table for outdoor. This table is created on Pronto Vision basis, so all features are the same like Pronto Vision, except lifting and ball return systems. This billiard table is made from solid oak and covered with special UV resistant oil decking and is the same resistant weather category like outdoor wood furniture. Depending on certain weather conditions, this table, like outdoor wood furniture, must be recovered with special UV resistant oil decking every 3-4 years. Possible finishing colors: natural oak, white and grey. Fitting for cushions and legs are made from stainless steel; leg levelers and corners for cushions are made from UV resistant plastic; UV resistant cloth does not absorb water (possible the only color from the picture). For collecting balls, we use elastic pockets.

Dining top Outdoor with holder is made from 8mm UV resistant HPL (intended for facades).

Pronto Vision - dual purpose pool/dining or pool/work table-in-one executed to perfection! Pronto tables are durable and strong because of their combined wood and metal interior structure. Yet they are elegant and warm because of their natural wood exterior. Pronto tables meet all your dining and work needs, as well as your leisure needs. Place the glass or wood table top on top of your table and dine or work on a gorgeous table of standard height suitable to pair with most conventional chairs. Remove the table top and use a state-of-the-art lifting mechanism to adjust your table to a regulation pool table height. This exceptional pool table has an excellent ball rebound because the rails, 'Professional Billiard Slate', and the frame are all integrated into each other. Choose between traditional elastic ball pockets or a unique collection system built into the table's interior. Most importantly, enjoy!

Whether you are trying to impress your guests at the dinner table or simply looking for some ambiance in a dimmed room after hard day of work, both models feature LED lit legs in a variety of colors choices, as well as the option of having LED lighting inside the pockets which can be turned on with a switch and seen through a clear or frosted glass table top ...The LED lights on the legs can either be plugged directly into a nearby socket or come battery powered with a well-hidden battery compartment. For seating, we offer comfortable benches that come in three different sizes and an optional storage feature for you to keep your game accessories hidden away. An optional cart with wheels can be used as a magazine table or storage cart to place a dining top on whenever you are ready for some game time. Seating can be customized to match the colors of your table by choosing different wood and cushion leather finishes. Whether your goal is to make this table the centerpiece of your interior design or you are simply trying to blend it into your existing décor, our extensive palette of more than 20 different colors with semi-opaque, mat or glossy finish options, solid birch, ash or oak wood frame options and 25 different colors cloth options for you to choose from will definitely let you achieve the desired effect.
